

FBME Innovation Day 2016

History:

FBME Innovation Day 2016 was a successful event organized by Faculty of Biosciences and Medical Engineering (FBME), UTM. The impact of the programs are: (1) 2 platinum sponsors, 2

gold sponsors and 2 silver sponsors, (2) 5 commercial booth from different companies (3) Visit

by the representative of the Embassy of the Netherlands, (5) 1500 participants, (6) 20 showcases from researchers and lecturers, (7) Innovation competition, (8) coverage in newspaper and many more. This event increased the innovative culture in our faculty.

UTM pupuk budaya inovasi generasi muda

JOHOR BAHRU 17 Mac — Universiti Teknologi Malaysia (UTM) mengorganisasikan acara tahunan FBME Innovation Day 2016 di kampusnya di Skudai, Johor. Acara ini bertujuan untuk mempromosikan inovasi dan kreativitas mahasiswa UTM. Acara ini juga bertujuan untuk meningkatkan budaya inovasi di kalangan mahasiswa UTM.

FBME Innovation Day 2017

Faculty of Biosciences and Medical Engineering (FBME), Universiti Teknologi Malaysia, Taman Universiti, Skudai, Johor.

900 am—500 pm
21 March 2017

FBME Innovation Day 2017

FBME Innovation Day 2017 is the new multi-disciplinary platform for knowledge and inspiration-sharing in the field of biosciences, medical engineering and health science. This event aims to promote our product and innovation in the field of biosciences and medical engineering and to connect our experts with potential collaborators in any possible areas such as commercialization and research.

The targeted visitors include industry representative, R&D organization, academician, students, government agencies and local community. We believe that visitors will gain insight into current innovation in the field of biosciences and medical engineering. Besides, the visitor will have the chance to meet and discuss with our leading experts in the field.

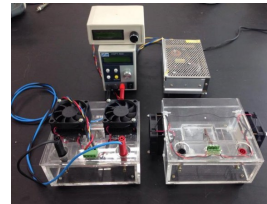

The FBME Innovation Day 2017 is a continuation

event from the success of FBME Innovation Day 2016.

Interesting Activities

- Innovative showcases from FBME's lecturer and researcher and also from our Centre of Excellence (CoE) - Sports Innovation and Technology Centre (SITC), UTM-IJN Cardiovascular Engineering Centre and Centre for Biomedical Engineering (CBE).

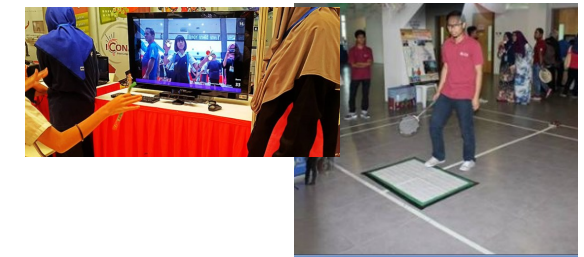

- Innovation Competition for students from undergraduates and postgraduates as well as for secondary schools.
- Talks by prominent speaker in innovation

- Innopitch for the selected participants.
- Booth exhibition by various companies

- Interactive games
