

List of Authorized FBME Table Top SEM/EDX Volunteer Operators

Updated by Dr. Dedy H.B. Wicaksono (last update 12/1/2014)

(dedy.wicaksono@biomedical.utm.my)

No.	Name	Status	Email	Phone
1	Norhidayu Muhamad Zain	PhD student	norhidayu.zain@gmail.com	
2				
	Dr. Dedy H.B. Wicaksono	Staff (Senior Lecturer)	dedy.wicaksono@biomedical.utm. my	019-7564 764

Terms and Rules:

1. User needs to contact potential authorized operator for carrying out their particular SEM/EDX session.
2. Since particular operators may have had already busy schedules, it is up to the users to set up their appointment (and hence terms of agreement) with particular operators to use the SEM/EDX.
3. User needs to ask operator's individual details (IC no./Matrics No) to be able to fill the SEM application form completely. Failing to complete the form will result in rejection of the booking application.
3. If you find that yourself or your students/colleagues may know how to use the table Top SEM/EDX but whose names are not listed above, please contact Dr. Dedy Wicaksono to set up an appointment for evaluation/test for capability of using the table top SEM/EDX.
4. A workshop will be carried out **once every semester** to enable a new pool of authorized operators. After each of this workshop, a short exam (theory and practical) will be conducted to test potential operators.
5. Since many of the operators are volunteers who have other main tasks and carry out SEM without special payment, please acknowledge their help at least in the acknowledgment part of the user's publication/thesis.

Closest date for next SEM Workshop: mid 2014.
