

GOP to Perth, Australia

The Global Outreach Programme (GOP) of UTM is an exciting and challenging way to broaden FBME graduates' horizon, as well as to establish international academic and research collaborations. This time, the GOP program brings our student to travel to Perth, Australia. The program ran for 7 days beginning 30th March until 5th April 2011. Fifteen students were accompanied by Assoc. Prof. Dr. Zaharah Ibrahim and Dr. Shaza Eva Mohammad, senior lecturers of Faculty of Biosciences Medical Engineering. The group visited SPARTEL Pte Ltd, Balcatta Park, Mindarie Regional Council, Pinnacle Desert, and lastly to University of Western Australia. This international visit had certainly developed self-confidence among FBME graduates and enhanced research link
